Mike (Blonde)

Well Goliyou. I don't know where to start. We've been through so many days and so many smiles. Who would ever think we'd end up like this? I remember the first time I saw you, the first time we went out, the first time I kissed you, the first time you held me so tight, and the first time we made love. It was everything I ever dreamed about. You are such a special person to me now. I think I fall more in love with you every time I see you. You have that look in your eyes that makes me melt. You know that song "I just died in your arms tonight"? Well, I think it fit perfect for the night of Jeff. I have so many memories of that night. My life has changed so much since I met you. The way I'm talking makes it sound like we never fight huh? Well, we both know that not true. But to me it was & is all worth it. And I want to say I'm sorry for all those bitchy days I have. I know its not easy to put up with me.

Isn't love strange? When I was little I used to wonder how I would know when I was in love, but now I know for sure how great it feels to be in love. You are so perfect. You tall, blond hair, blue eyes, and can't think of a more caring and sensitive guy.

Do you remember the poem you wrote to me? Every time I read it, it makes me cry. I don't want you to ever forget it so here it is... One night a girl had a dream. She dreamed she was walking along the beach with her boyfriend. Across the sky flashed scenes from her life. For each scene she noticed two sets of foot prints in the sand. One belonging to her, and the other to her boyfriend.

When the last scene of her life flashed before her she looked back at the foot prints in the sand. She noticed that many times along the path of her life there was only one set of footprint. She also noticed that it happed at the lowest and saddest time of her life. This really bothered her and she questioned her boyfriend about it. "Mike you said once I decided to love you and be with you you'd walk with me all the way. But I have noticed that during the most troublsome time in my life, there is only one set of footprints. I don't understand why when I needed you most you would leave me."

Her boyfriend replied, "My precious, precious love, I love you and would never leave you. During your time of trial and suffering, when you see only one set of footprint, it was then that I carried you." ♥

I love that so much! If we were ever to get married, I would want the priest to write that.

You know what babe, we're going to have a real summer! There is so many things I want to do with you. Camping is going to be totally killer. I can't wait. I hope we're not both working all the time though. That would suck. I hope you don't think I'm mad you're going to Mexico. I'm just going to miss you alot. I hope you have a really cool time, I'm sure you will. Chris is a total fun person to be with.

This is going to sound strange Mike, but if we're not married say 5 to eight years from now, call me sometime. I really would like to keep in touch. Who knows, maybe if one of us are married we could have an affair! (J.K.)

Well, I better stop writting although I could go on forever.

P.S. never forget I love you!

Love always,
Gail Hendrix

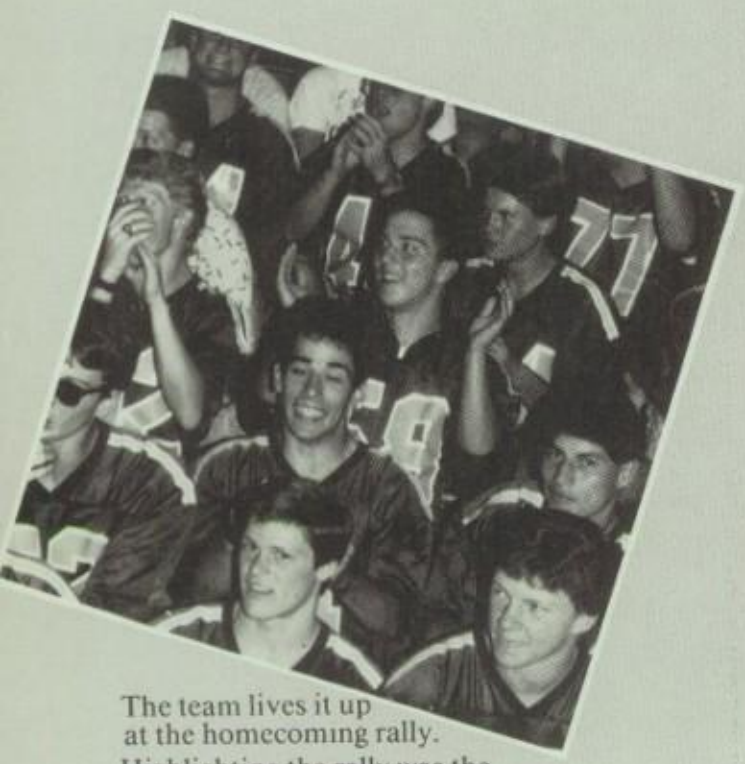
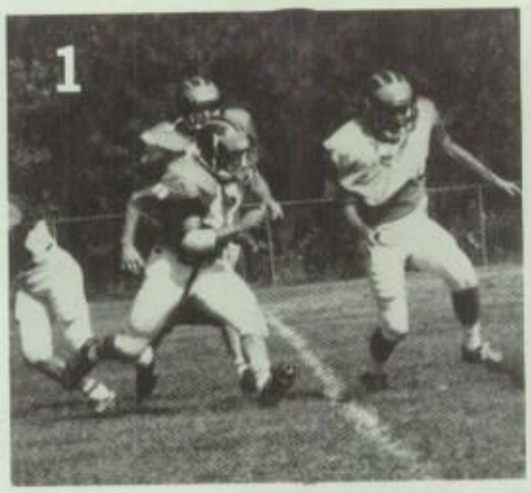
Varsity football ... marches on, led by Scott Owens and the deceptive "wing-T" offense. The team went to Yuba City for the Division I play-offs sporting a 5-1 record and two players, Owens and Dennis Houlihan, who passed and ran for over 1000 yards each. Unfortunately, the team got stuck in the mud and lost to the Yuba City Honkers, 12-28. On a happier note, the team beat Placer, 56-6.



The team lives it up at the homecoming rally. Highlighting the rally was the presentation of the homecoming court.

Rick Carlton shows us his moves at practice. Rick, a junior, spent his first season at tackle and defensive guard.



1 Rob Waldman, Darren Harold, and Rick Carlton chase down the ball during a practice game. Games like this were an integral part of their training.

2 Place kicker John Buckmaster shows us his winning form. also an excellent student, John took on a challenging class load which included Debate and Pre-Calculus.

3 Rich Sells puts the squeeze on a Spartan ball carrier while his teammates charge in to help. Rich played both guard and linebacker this season.

4 John Bartug takes a well deserved rest and a drink while his fellow Miners march to victory against the San Juan Spartans. This victory gave them a shot at the Yuba City Honkers.

... WEEK 5 ... FOSSILS MAY DEFLATE DINOSAUR DEATH IDEA ...

Sponsored by Mountain Mike's Pizza 272-9066

5 Don Johnson scrambles for those few extra yards against San Juan. This was Don's fourth year on the team.

6 Quarterback Scott Owens scrambles while being chased by hungry Spartans. Scott's fearless leadership helped them make it all the way to the play-offs.

7 Head coach Randy Blankenship watches intently as the team makes its way down the long road to the play-offs. Aside from coaching, he also taught health and physical education.

8 Dennis Houlihan sends off a perfect punt during the homecoming game. Dennis' father, Pat Houlihan, was an assistant coach and head of the athletic department.

9 Don Davis takes a breather during an especially hard practice. Don played on both the freshman and junior varsity teams before coming to varsity this year.

10 Don Johnson makes a quick move after the ball carrier. Even though most of the opposing lineman outweighed each of our players by fifty pounds, the team, held its own against the odds.

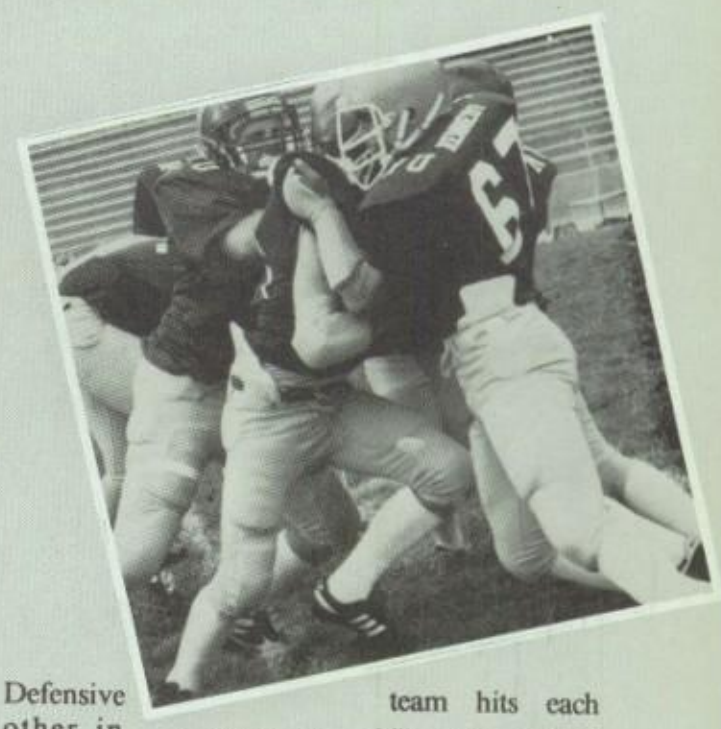
Freshman Football ... was very impressive felt Coach Don Flath. The team's ability to work together was great. The CAL Championship was shared with Bella Vista and Casa Roble. The most impressive scores were against Oak Ridge 48-0, San Juan 52-0, and Bella Vista 48-8. "The Placer game was well played and it was only luck that they made two touchdowns in the last five minutes," said player Tim Trokey. Players and coaches alike were in full agreement about the great season.



Defensive team hits each other in a warm up drill. The defense kept Casa Roble from getting past our 43 yard line.

Girls' Basketball . . . The varsity team rightfully called themselves the "secret agent team" after beating topped ranked Colfax, Roseville, and Grant. Although lacking height, the Miners defied doubters with a spirited scrappiness. Secretly moving through the ranks, they finished the season with a 14-6 record and continued to the Sac-Joaquin section basketball playoffs. The team reached its goal by joining the forces of the three-point shot, exhilerating quickness, and the strong, constant guidance of Coach Craig Strohm. Evidently, the pressures of CAL caused them to strengthen as a team. This time they did not win the CAL title, but they are on their way with half of the team returning next year.

WEEK 24 . . . BOB HOPE GOLF CLASSIC . . .

Congratulations to the class of '88! Walker's Office Supplies

Gold Pan, the campus newspaper, had a new look. The staff members changed it from a bimonthly news publication into a glossy monthly magazine. Extending the deadline gave the staff more time to research and develop its articles. This brought upon more interests from the students, and made the staff broaden its journalistic perspectives. The schedule was tight; the paper had to be sent to the printer two weeks prior to publication date. That didn't leave a lot of time for basic leg work. Advisor Mrs. Lynn McDaniel stated, "This was the best Gold Pan staff I've seen in a long time."

Gold Pan Staff Members are (row one) Mrs. Lynn McDaniel, advisor; Kathy Tribby, Brett Sklove. (row two) Cody Tubbs, Ken Lehman, Kaesa Aanastad, Patty DeRochers, Mike Dorek. (row three) Nik Dirga, Kara Michelin, Rena Peek, Keslie Stewart, and Stacy Kern.

Ring! To no one does the sound of a bell mean less than to a yearbook student. The days were long and tedious, some even extending to inservice Mondays. A switch from one publishing company to another was a new experience for the staff and their advisor, Mr. Tim Wilson. The book involved a lot of research and time, even a fall trip to Chico. Some members also attended the Journalism Education Association National Convention in San Francisco.

2 Sophomore Nik Dirga and Kim Jones, a Junior, read over an article in the local paper. After completing their articles, staff members were allotted some free time.

3 Stacy Kern, a Senior, types out copy for a new edition of the Gold Pan. A lot of research was involved in the articles and many members of the staff learned new writing styles.

4 Cody Tubbs, a Freshman, returns calls from local businesses. Many local establishments purchased ads to appear in the Gold Pan.

5 Laura Shady, a Junior, looks over her layout before a deadline. To meet deadlines it was necessary to put in numerous extra hours.

6 Nickalli Bascochea and Laurel Borroum, both Sophomores, look over layouts with their advisor, Mr. Tim Wilson. A process of check and recheck was performed before the layouts were sent to the publishing plant in Texas.

7 Senior Steve Ferry poses momentarily for the camera. His writing was often published in the Gold Pan.

8 Shelli Crum, a Senior, works on the Senior pages. Class pages were definitely the most tedious part of publication work.

11 Mrs. Louise Frame and Emma Eckert discuss the Neoclassist Period of Baroque Realism with Romantic undertones.

S.A.D.D. began a free rides program to keep students from driving while intoxicated. To raise money for the taxi rides they held a dance, and students worked concessions at sports events. The money went to the rides program and the $100 William Massa scholarship. S.A.D.D.'s work and presence in the community reminded us that it is prevention that can make the difference.

Academic Decathlon was a test of our mental strength, felt Jacob Blickenstaff. The team's mental weight training consisted of lifting large volumes of knowledge and hurling it viciously at opponents. Senior, Scott Janus proved to be quite good at "penning" down the opposition. His timed impromptu essay, "Life, Love, and Physics" earned him a medal. At the State Competition our decathletes gave a good show. After the competition the question remained; do brains have more fun? We were elucidated in this area by Scott Janus, "Academic Decathlon? I loved it. It was great. It was better than Cats. I'm going to study it again and again."

HEY DUDE! ← COOL WORD HUH?

WHA'S UP? YOU'RE LUCKY, YOU LEFT ME A LOT OF SPACE TO WRITE! I CAN'T EVEN BELIEVE THIS YEAR IS OVER (FUCKIN' COOL). I'M THINKING OF SOMETHING TO SAY RIGHT NOW — OKAY — THIS SUMMER WE'LL GONNA HAVE TO EARN SOME MONEY FOR MEXICO. ONLY A LITTLE OVER A MONTH LEFT. I CAN'T WAIT! THERE'S ONLY ONE THING WRONG THOUGH, YOU'RE NOT THE ONE I WANTED TO GO! I ASKED ALL MY OTHER FRIENDS IF THEY WANTED TO GO AND THEY SAID YES, BUT NONE OF THEM COULD GET ENOUGH MONEY. YOU WERE MY LAST RESORT AND YOU HAVE ENOUGH MONEY, SO I GUESS I'LL HAVE TO PUT UP WITH YOU FOR A WHOLE WEEK (GOD DAMN THAT'S A LONG, LONG TIME). JUST JOKING DUDE. WE ALSO HAVE TO DO ANOTHER THING THIS SUMMER — THAT'S GETTING UNBELIEVABLY HIGH AND WATCH PINK FLOYD. THEN WE'LL GET ALL BURNT OUT. SOUNDS COOL!

ANYWAY, I'M GLAD WE BECAME BEST FRIENDS THIS YEAR CAUSE YOU'RE A GOOD FRIEND AND YOU ALSO TAKE MY SHIT! J/K.

YOUR BEST FRIEND,

Chris Andrews
